Professional Summary:

Computer Engineering graduate with hands-on experience in **web and mobile application development** using React.js, Express.js, and React Native. Currently working as a **Software Developer Intern at Infocloud IT Services**, contributing to a live visitor management project deployed on the **web and Play Store**. Skilled in building scalable applications and experienced in cloud services (AWS). Quick learner, eager to contribute and grow in software development roles.

Technical Skills:

- **Frontend:** React.js, React Native, HTML, CSS, JavaScript
- **Backend:** Node.js, Express.js
- **Database Technologies:** SQL

- **Cloud Services**: **AWS** (EC2, S3, IAM, VPC, CI/CD)
- **Tools: Git, GitHub, VS Code**
- **Programming**: Java, Python, C

Work Experience:

- **Software Developer Intern, Infocloud IT Services Private Limited (Paid Internship – Probation Period) | June 2025 – Present**

  - Working on **Enterlyze** project involving web and mobile development.
  - Built visitor entry form using **React.js** and backend APIs with **Express.js**.
  - Contributing to **cross-platform mobile app** using React Native for Android and iOS, deployed on **Google Play Store**.
  - **Enterlyze Website:** enterlyze.infocloudglobal.com
  - **Enterlyze Mobile App (Android):** Google Play Store Link

- **Data Science Intern, P-Webcraft Technology (6 Month Internship) | July 2024 – December 2024**

  - Machine Learning project + data preprocessing + predictive modeling

---

Personal Project Works:

- **Hostel Room Organizer** [Vedpotdar/Room_Organizer]: Streamlined hostel operations using the MERN stack, enhancing the efficiency of room allocation and fee management processes. Designed an intuitive interface for hostel staff to manage bookings, monitor room availability, and track financial records seamlessly.
